

Make a Connection While Making a Difference

LG Rumor Reflex is designed for the environmentally aware consumers who seek a device that keeps them in touch with their life, while making a positive impact on the world around them. They hold their ideals dear, and are delighted to find products that affirm their perspective and meet their standards. This conscientious feature phone keeps both affordability and sustainability in mind.

Eco-Friendly Attributes Rumor Reflex is certified carbon free, in addition to being halogen and beryllium free. Its casing is made of 31% recycled plastic and the device itself is 87% recyclable, and even more, it utilizes an Energy Star charger.

Full Slide-Out QWERTY Keyboard Texting is easy with the physical keys of the QWERTY keyboard, which is ideal for those who have a lot to say and want to get the words out quickly.

3.0" WQVGA Capacitive Touch Screen Browsing through contacts, navigating the mobile web, or scrolling through texts is a silky smooth process with the touch screen.

2.0 Megapixel Camera and Camcorder Having a camera/camcorder combo makes snapping photos and capturing video easy, and being able to upload to social networks keeps friends up-to-date and in the loop!

Preloaded Social Media Users can easily keep friends and family in the loop with quick status updates or by uploading pics and videos, captured with the built-in 2 MP camera/camcorder combo.
